"The professionalism and quality of the staff at the Sioux Falls Convention Center, the Sheraton, the Washington Pavilion, rivals and even exceeds bigger cities where you would pay more for less service. Fifteen years of experience and I had never had an event run so smoothly. Our small meeting never felt 'small', and the summit certainly was not just another date in their calendars. You sincerely know you're more than a number when the General Manager of the convention center is helping move boxes for your program. You become as much a part of their team as they become of yours. We hope that future events can be scheduled in such a welcoming city."

– **Edward M. Shipley, Senior Manager, Biotechnology Industry Organization**

"The Summit League basketball tournament has been a resounding success in Sioux Falls. From the first year in 2009, the tournament has set record attendance and we continue to see a substantial commitment from everyone involved in our championships. The level of success we have achieved in Sioux Falls gives our league a solid base to build in the years ahead. We are excited the Summit League Basketball Championships will be hosted in Sioux Falls through 2014."

– **Tom Douple, Summit League Commissioner.**

CONGRATULATIONS!

The 2011 National Conference held in Sioux Falls, has registered in my "history book of meeting planning" as warm, friendly, hospitable, unique, heart-felt, enriching, intense and...one of the BEST conferences Volunteers of America has offered in a long time!"

Offering a Perfect Setting for Youth and Education Events

Augustana College provides a perfect setting for summer youth camps, education conferences and church gatherings. Perfect not only because of our location in the heart of America, in one of its greatest small cities, but also because of our beautiful, lush, 100-acre campus with great facilities, comfortable residence halls, exceptional food service and gracious people. The College has a long history of hosting a variety of summer activities and events and welcomes your organization to campus.

Because our mission is education, we specialize in providing accommodations for youth activities of all kinds. Every summer the College hosts a music camp and sports camps including football, basketball, baseball, softball and volleyball. We can provide sleeping accommodations for 300 with 150 double occupancy rooms. We often provide lodging for traveling soccer teams who come to Sioux Falls, one of America's soccer hotbeds, to compete in regional and national tournaments. In addition to having a variety of playing fields and courts, the College's athletic and recreation facility includes a swimming pool, racquetball courts and fitness center.

The abundance of academic facilities on campus provides an ideal location for education conferences. Many of our classrooms are equipped with the latest in research and teaching technologies. Larger lecture rooms, a recital hall, theatre and chapel also provide alternative settings to meet your needs.

The Madsen Center, home to the College's social science division, contains a variety of classrooms, seminar rooms and laboratories. Two 30-station computer labs are located in the building's lower level.

Morrison Commons is the student center. It contains the main dining room, which seats 400 for dinner or 500 for receptions, and dramatically overlooks the center of campus. The building also contains multiple meeting rooms that are designed to accommodate large and small groups.

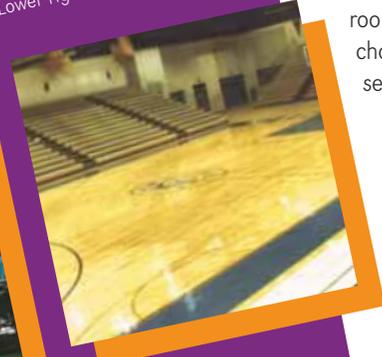

Augustana's Edith Mortenson Center is a newly-renovated facility that contains a 274-seat theatre, an actor's studio and the Wagoner Student Street, a perfect setting for small to mid-sized gatherings.

The College's athletic and recreation facility, the Elmen Center, contains the Hall Sports Forum which has seating for 4,000 and four basketball courts as well as a swimming pool and multi-purpose room.

The College's athletic programs compete at the NCAA Division II level.

The University of Sioux Falls hosts a variety of camps, conferences, meetings and special events throughout the year. Since 1893, as Sioux Falls has grown, so has USF. Opportunities have called us to update and build new facilities, to create new programs and to embrace partnerships.

Our institution and its amenities are representative of the progressive momentum pulsing through our city. In 2005, the University's borders expanded with the purchase of 38 acres of land for a sports complex. Fourteen campus renovation and construction projects have been completed within the past 13 years. New construction has included the Cleveland Professional Development Center, Collier Baker Hall, Stewart Center addition, Bill and Marian Sullivan Faith and Living Center, McDonald Center, USF Sanford Sports Complex and Salsbury Science Center addition.

With available on-campus housing, dining, meeting rooms, conference rooms, fine arts center and sports facilities, the University of Sioux Falls can accommodate a variety of event needs.

Sport Venues & Facilities

Sioux Falls Multi-Sport Facility Complex

"Sports Illustrated Names Sioux Falls as South Dakota's Sportstown!"
 Sports Illustrated named Sioux Falls as South Dakota's "Sportstown" in honor of their 50th Anniversary in 2004. One city from each state was selected to receive the honor.

"It is my pleasure to recommend the community of Sioux Falls, SD as a site for your future sports event. Sioux Falls has hosted our Regional Tournament several times in the past and we have found the CVB, volunteers and entire community to be some of the most supportive groups we have experienced. We bring over 200 teams, 13,000 fans and team members and many College Coaches from around the country to our event. They have all responded to us that the Mid Western hospitality shown by the Sioux Falls community adds a very special ingredient to our event. We have found the hosting group to be very responsive to our needs and certainly dedicated to providing a quality experience to the participants." – **Bob Hart, US Youth Soccer, National Championships Committee**

Sioux Falls has a unique family friendly trail system for biking, walking, jogging and roller blading. The trail system consists of over 25 miles of paved, off-street trails that allows users a scenic and safe trail experience without ever having to cross a city street. The trail system encircles the city and many of the city parks offer access to the trail. The trail is maintained year-round, allowing visitors a chance to explore the city at any time of the year.

River Greenway

The River Greenway is the City's newest addition to the park system. Located just south of Falls Park on the bike trail, the Greenway allows visitors to take in a free concert at the amphitheatre or sit back and relax. The Downtown River Greenway offers a variety of entertainment options along with a paved trail to enjoy the Big Sioux River. Take in the history of downtown Sioux Falls and dine in one of the restaurants along the Downtown River Greenway between 6th and 8th streets.

Sioux Falls was named a 2009 Fall Bicycle Friendly Community (BFC) by the League of American Bicyclists, receiving a "bronze" designation.

The Commission for the Accreditation of Parks and Recreation Agencies (CAPRA) recognized Sioux Falls Parks and Recreation as the first accredited parks and recreation agency in the state of South Dakota and 90th in the nation out of an estimated 10,000 agencies. CAPRA is the only national accreditation of parks and recreation agencies, and is a valuable measure of an agency's overall quality of operation, management, and service to the community. This accreditation earned by Sioux Falls Parks and Recreation puts us in the top one percent of all park and recreation agencies in the country.

Turn Back Time and Preserve the Past

Prairie Star Gallery is filled with centuries-old art forms displayed in a beautiful century-old building. It's located in the heart of downtown Sioux Falls, on Phillips Ave. It's a gorgeous place, with spectacular art and wonderful ambiance. We think you'll agree with the 10,000 customers who have already visited - the gallery and its art are fabulous!

The exceptional variety of our art distinguishes Prairie Star Gallery from other galleries.

- Original Art
- Indigenous handmade
- Authentic and high quality

The 500 artists represented are predominately from Northern Plains tribes. The artists' tribal traditions influence their art and the stories they tell through their sculpture, paintings, bead and quill work, drums - everything. Our art comes from a time before the railroad and telegraph, when everything was hand-crafted and everyone was an artisan to some extent.

No matter the artists' tribe or band, you'll find our art to be incomparable. We've been told we have the finest gallery of Indigenous art, and the most knowledgeable staff, by people who have visited galleries in all 50 states. We won't argue.

So stop in, put the world on pause, and experience the smallest gallery you'll ever get lost in - Prairie Star Gallery.

Open Monday and Wednesday - Saturday from 10am-5:30pm.
Closed Sundays and Tuesdays.

Blood Run National Historic Landmark is just a short drive from Prairie Star Gallery in Sioux Falls.

At first glance, the Blood Run National Historic Landmark (designated in 1970) looks like other hilly, wooded river bottom land - extraordinarily beautiful. But several things mark it as unique. First, it is like a natural island in a sea of residential and commercial development a few miles southeast of Sioux Falls straddling the Big Sioux River in Iowa and South Dakota. Second, on close and educated examination, there are signs of past human habitation everywhere on the forest floor and meadowlands. In fact, this is one of the oldest sites of long-term human habitation in the United States. Third, the site has been identified by the National Park Service in 2000 as having national importance worthy of Park development.

The river, abundant wildlife and wood for fuel, fertile flood plains, availability of catlinite (pipestone) and protection from winds made the area a crossroads of Native American civilization from 1300 - 1700 AD. Occupants were primarily Oneota Indigenous Peoples, including Omaha, Ioway, Oto and Yankton Sioux Tribes.

These tribes combined hunting and gathering with agriculture and lived in semi-permanent sites. By 1700, Blood Run was a significant cultural center for ceremonies, trade, and social purposes and frequented at times by as many as 6000 Oneota Native Americans. Several possible reasons for site abandonment around 1750 are debated, and might be resolved with additional research.

Burial mounds, storage caches, and signs of earthen enclosures remain. Some items of pottery, tools, trade goods and jewelry have been placed in safekeeping and more on private land need protection. The site is a time capsule of Indigenous culture. No other Oneota site of such size and integrity is known to exist in the United States.

Argus Leader RibFest

Occurs annually in the Sioux Falls Arena Parking Lot E
1201 N. West Avenue
Sioux Falls, SD
ph: 605.367.7288
www.sfarena.com/ribfest

Whether you're 2 years old or 102, the Argus Leader RibFest has something for everybody. It's easy to see why it has become "South Dakota's Biggest Backyard BBQ!"

This annual BBQ festival takes place the weekend after Memorial Day and features live entertainment, kids' activities, giveaways, promotions and a wide variety of local and regional entertainment.

First and foremost a food festival, RibFest is known for award-winning barbeque. Ribs, chicken, beef and all the sides produced by the world famous BBQ vendors. These entrepreneurs spend their lives traveling the world from cook off to cook off. They pride themselves on their recipes for BBQ, sauces, beans, coleslaw and all of the little things that make an outdoor picnic fun and exciting. Showmanship is a big part of the life these chefs lead. From the thirty-foot high banners and flags, to the inflatable cowboys and characters that decorate their booths, these cooks know how to put on a show.

At RibFest, the BBQ vendors actually compete for prize money. Each festival attendee receives a voting ballot in which they choose their favorite vendor-based not only on quality of food and service, but showmanship as well.

In addition to the world's best BBQ, RibFest also features the best soft drinks, funnel cakes, potatoes, ice cream and other snack foods that kids of all ages love.

Motorcoach Regulations

Becoming acquainted with South Dakota motorcoach regulations and doing some pre-trip planning will save time for a pleasant tour.

1. If your vehicle consumes special fuel (diesel or liquid petroleum gas), you may purchase a special fuel user's temporary trip permit for \$20. It is valid until you leave the state of South Dakota. If you plan to operate in South Dakota on a regular basis, you may file an application for a special fuel user's license with the Department of Revenue and Regulation. If you are licensed under IFTA program in your base state, South Dakota will honor that license.

2. If a vehicle is not displaying apportioned plates from an IRP State, the carrier can purchase a temporary trip permit (Highway Use Receipt) from the Department of Public Safety for a \$15 fee.

Temporary trip permits may be obtained by calling the South Dakota Permit Center at (605) 698-3925. South Dakota will honor the IRP plate and cab card as long as South Dakota is indicated on the cab card.

Newton Hills State Park

NewtonHills@state.sd.us 605.987.2263

(30 miles Southeast of Sioux Falls - 45 Minutes)

Glaciers created this narrow strip of rolling hills and forest that is part of the geological formation called the Coteau des Prairie, which extends along the eastern boundary of South Dakota. At its highest point, the Coteau rises to more than 2,000 feet above sea level. The area's unique dark forest, amidst a vast open prairie, has prompted many recent legends, including those of buried gold, robbers' hideouts and horse thieves.

This 948-acre state park south of Sioux Falls features modern campgrounds, log-style camping cabins, wooded picnic sites, trails for hiking, biking and horseback riding, and an observation tower. Artifacts and burial mounds found near the park indicate that a Woodland Indian Culture inhabited this region between 300 B.C. and 900 A.D. Interpretative programs are offered to visitors during the summer months. Home to the annual Sioux River Folk Festival each August.

Palisades State Park

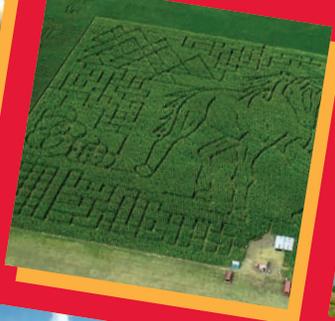

PalisadesPark@state.sd.us 605.594.3824

(22 miles Northeast of Sioux Falls - 30 Minutes)

Unusual terrain and a colorful past make Palisades State Park one of the most unique areas in South Dakota. Split Rock Creek, which flows through the park, is lined with Sioux quartzite formations varying from shelves several feet above the water to 50-foot vertical cliffs. Scenic overlooks and rushing water make Palisades a popular getaway. The park is popular among campers, sightseers, picnickers, rock climbers and hikers.

A popular legend tells of Jesse James' daring escape near the area. After robbing a bank in Northfield, Minnesota, the James boys spent several days in a cave on Split Rock Creek. When Jesse finally abandoned the hiding place, he was surprised to find a posse close behind. Reaching Devil's Gulch, legend has it that he leaped across the sheer walls to elude the lawmen. A small foot-bridge now spans the gap, which is found two miles north of Palisades in a Garretson city park.

Below Devil's Gulch is the Split Rock Creek, that runs along red Sioux Quartzite cliffs, wildlife, and flowers. Visitors can purchase tickets for a Jesse James Pontoon Ride for a relaxing adventure.
