City of Sioux Falls

WELCOME TO FALLS PARK

The Falls of the Big Sioux River have been a focus of life in the region throughout history. Native American people were the first to visit the Falls and bring stories of them to European explorers. The Falls have been the center of recreation and industry since the founding of the city of Sioux Falls in 1856.

At Falls Park, located at North Phillips Ave. & Falls Park Dr., visitors can see the city's namesake as well as some of the first buildings built in Sioux Falls.

Today the park covers 123 acres. An average of 7,400 gallons of water drop 100 feet over the course of the Falls each second.

If you'd like additional information about Sioux Falls, contact the Sioux Falls Convention and Visitors Bureau at 605-336-1620 or log on to www.siouxfallscvb.com.

Free parking throughout the park, including buses!

NOTE: Buses and campers traveling to Falls Park via Phillips Avenue, please be advised of a 12-ft. train trussel before entering park.

Winter Wonderland at Falls Park

From mid-November to the first week in January each year, Falls Park

becomes a spectacular "Winter Wonderland" with breathtaking lights throughout the entire park. Don't miss this enchanting winter attraction! See ad page 14.

Phillips to the Falls

Downtown and Falls Park have been reunited by "Phillips to the Falls", a walking/driving route down

Phillips Avenue from 5th St. to Falls Park. Take the trolley or find your own way to great shopping, historical sites and the fascinating SculptureWalk. See page 9 for Trolley information.

Visitor Information Center

The Visitor Information Center offers guidance to those visiting the city as well as a five-

story viewing tower for breathtaking views of the park and the city. Your HOT SPOT for Sioux Falls souvenirs too! See page 6 for hours.

FALLS PARK VISITOR INFORMATION CENTER 605-367-7430

Horse Barn

Built in the late 1800s as a horse barn, but it is not known by whom or for what purpose. Perhaps it was to house horses that

must have worked any of the eleven stone quarries that were in existence at that time. Perhaps it was part of a local creamery. No records exist to tell us, but the building is charming none-the-less.

Falls Park Sound & Light Show

The Park is also home to the free, historic Wells

Fargo Falls Park Sound and Light Show. This colorful display features information about the history of Sioux Falls and is shown each evening at approximately 9:30 p.m., weather permitting, from Memorial Day through Labor Day.

Falls Park Open Air Shelter

The Falls Park Open Air Shelter is home to the Farmer's Market and

is available for large picnics, special events and more. The Shelter is 200' long by 42' wide with a 30' wide concrete walk. Electrical service is provided to each column and water service is available at both ends. It has 32 covered and 32 uncovered spaces in the lot.

"Monarch of the Plains" Statue

Beautifully sculpted from a 12-ton piece of mahogany granite mined in the

Milbank, SD, area, "Monarch" is a work of art created by Darold Bailey.

FALLS PARK

The Falls Overlook Cafe

Enjoy dining with a view! The Falls Overlook Cafe is located in

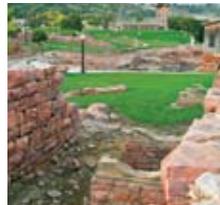

Falls Park in the old Sioux Falls Light and Power Company hydroelectric plant, which was completed in 1908 and housed three 500-kilowatt generators. See page 50 for more details.

Biking & Hiking Trails

The bike trail in Falls Park connects to 19.12 miles of Big Sioux River Recreation Trail and Greenway as it

follows the Big Sioux River and loops around the city. The existing trail system provides access to scenic areas along the river and provides recreational opportunities for many parts of the city.

Millrace & Dam

Originally constructed to provide power for the Queen Bee Mill in the 1880s, the dam was raised

in 1908 to supply power to the hydroelectric plant. Today the millrace is a viewing platform.

Queen Bee Mill

The Queen Bee Mill ground its first flour on October 25, 1881. At the time of its construction, the seven-story mill was

one of the most advanced in America. The mill burned in 1956, destroying the wooden roof and interior walls. It was constructed of Sioux Quartzite quarried on site.

Arrowhead Park • east of F-10

1600 Riverbluff Rd.
(Two miles east of Sioux Falls on Hwy. 42, with entrance off 26th St.)

The park is named after a large, arrowhead shaped granite quarry that is one of three historic quarries that are now lakes. The area is now a bird sanctuary—a haven for bird watching. Stones from these quarries were used to build several buildings in downtown Sioux Falls, including the Old Courthouse Museum. The City Parks Department is replanting native prairie grass and developing a network of hiking trails on the land, which was donated by Dale and Dorothy Weir. Be sure to see the restored 1888 barn, which some claim was designed by famous architect Wallace Dow.

The Big Sioux River Recreation Trail and Greenway

The 19.12 mile trail begins at Falls Park and loops around the city. Walk, jog, bike, or rollerblade your way along the Big Sioux River as it flows through Sioux Falls. The River Greenway offers a paved bike trail that winds through scenic urban and wildlife areas. The trails are maintained in the winter as well, so enjoy a nice crisp winter walk for year-round outdoor enjoyment.

Enjoy magnificent rock formations washed by water of the Big Sioux River. Six viewing areas, walkways and picnic areas allow sightseers to enjoy the area's scenic beauty and to survey some of the city's earliest buildings built in Sioux Falls at Falls Park. These include the foundation of an 1887 mill, a replica of its turbine house, and Sioux Falls' original hydroelectric plant, built in 1908. The plant has been renovated and re-opened as the Falls Overlook Cafe. Plan to visit the Falls Park Visitor Information Center with five-story observation tower, Sound and Light Show, Horse Barn, and Monarch of the Plains buffalo statue. You will find the park transformed into a Winter Wonderland as the entire park is adorned in holiday lights from mid-November through early January.

VETERANS' MEMORIAL PARK

Veterans' Memorial Park is dedicated to the men and women of the U.S. military, both those who currently serve and those who have served our country. Here is a place set aside for honor, remembrance and reflection, demonstrating how the citizens of this region cherish and embrace the sacrifice and dedication of all veterans.

Used by the U.S. Army Air Corps during World War II, the site now boasts a welcoming entryway with flags, open plazas, memorial walls and an amphitheater, with the design of the park allowing for future memorials to be built.

The City of Sioux Falls owns and maintains the park, but there is opportunity for citizens and groups to donate to future site projects. Contact the Parks and Recreation Department for more information (605-367-8222).

DOWNTOWN SCULPTUREWALK

High & Dry

Aplomb

SCULPTUREWALK is an exciting exhibit of sculptures displayed year-round from the Washington Pavilion to Falls Park in downtown Sioux Falls.

The sculptures are owned by the artists and loaned to the exhibit for one year. From May through September, the public votes for its favorite sculpture, which is deemed the “People’s Choice Award.” That sculpture is purchased at the end of the exhibit year for the city’s permanent collection. Each year the exhibit will display new sculptures.

All of the sculptures are for sale to the public. If you are interested in purchasing one of the sculptures, please contact SCULPTUREWALK at 605-339-8359. For voting information contact Downtown Sioux Falls, Inc. at 230 S. Phillips Avenue, Suite 102, or look for ballot boxes on Phillips Avenue in summer months.
